

HISTORY CHALLENGE

Horrific Histories

A new Internet site is being created called Marvellous and Murderous Monarchs.

We would like each of our Year 7 students to create a page that could be used on this site.

The page must contain the following.

- a) A drawing or picture of your chosen monarch.
- b) A factfile including 10 marvellous or murderous facts.
- c) 2-4 paragraphs which explain why your monarch was murderous or marvellous.

You must choose one medieval monarch from 1066-1500 and your information must be accurate.

Before you start you need to consider the audience.

Think:

What would interest you?

What balance of materials will you use?

How and where are you going to collect the information?

Who is your audience?

Remember this work is being assessed for

Presentation and Organisation – How clear and appropriate is your page?

Knowledge – Is your information accurate and informative?

Interpretation – Can you prove that your monarch is marvellous or murderous?

Try the following Internet links to help you.

Spartacus for detailed, and sometimes difficult to read, information on every monarch.

Britannia Encyclopedia – List of information on lots of kings.
