Dear Parents and Carers

***Toot Hill School Year 6 Open Evening***

I would like to take this opportunity to remind you of the dates of our forthcoming Year 6 Open Evenings. The purpose of each evening is to give parents and prospective new students an opportunity to visit Toot Hill where you can meet staff and students and also see examples of the school at work.

To accommodate numbers, we will be holding three events on:

Tuesday, 14 September 2021

Wednesday, 15 September 2021

Thursday, 16 September 2021

Each evening will include a short introduction commencing at 6.00 pm, after which the main curriculum areas will be open for you to visit. Student guides will be available to show you around the school to look at subject-based displays and watch activities and demonstrations led by current students. You will have the opportunity to talk to teaching staff from all curriculum areas during the evening. Each of these events are expected to conclude at 7.45 pm.

**As space at each evening is limited, booking is essential.**

To book your place, please visit the following link: <http://www.toothillschool.co.uk/year6>

Please note that each Year 6 child can only bring a maximum of two family members with them as we do have limited capacity.

Choosing a secondary school is a vitally important decision and our intention is to give you as much information about Toot Hill as possible. If you have immediate questions regarding admission to Year 7 at Toot Hill School, please do not hesitate to contact the Admissions Team or myself at school.

If you cannot attend on the evening stipulated for your child's primary school you are, of course, very welcome to attend one of the other evenings. **Please note that the Leisure Centre Car Park will be congested but there will be plenty of space available in the Toot Hill School Bus Park, entrance off Tithby Road.** Please contact the Admissions Team at school if you require any special access arrangements.

The staff and students of Toot Hill School very much look forward to meeting you.

Yours sincerely,

Dr C Eardley  
Head of School
