

# Explain in detail

This requires more than a simple **description**. It should be written in **PARAGRAPHS** and use the **TECHNICAL TERMS**.

## You need to make a

1. **Point** – state a reason / idea about the question
2. **Evidence** – give an example of where or how this may occur
3. **Explain** – say **WHY** this is true and **HOW** it is relevant. You may also need to include the impact it will have (the **EFFECT(S)** it will have)
