YEAR 7

Well done Year 7 on making a fantastic start to your Toot Hill Journey! They have had a positive week where they have spent time familiarising themselves with our school routines.

Students have been working in their tutor groups and have completed a range of tasks focused on our Learning Routines and their Personal Development.

Many students have enjoyed using our school canteen and you should now be able to access your child's account so they can purchase their lunch.

The courage we have seen from our Year 7 students this week has been remarkable and we hope they are very proud of how well they have conducted themselves. Keep it up the great work!

A huge welcome back to our year group who have made us so proud over the last few days.

All students have settled brilliantly into their new routines as well as their new options subjects and we have been very impressed with them all.

In tutor set alongside covering the key aspects of their return, we have looked at their Personal Development Curriculum and how we will support them in developing both socially and emotionally alongside their academic subjects. We can't wait to share with you what they have been learning about as the term progresses.

As students do settle back in, please don't hesitate to contact tutors with any concerns.

YEAR 10

It has been an absolutely fantastic week having the year group back in school and we are overwhelmed by the resilience and positive attitude they have shown to quickly adapting back into the school routine as well as adjusting to the new policies and regulations in place to keep everyone safe.

The year group have spent a lot of time with tutors this week to allow a smooth transition back into school as well as offering time to reflect and have discussions to support the students.

We are really excited to continue on from such a positive week and have a successful year.

YEAR 11

It has been wonderful to welcome Year 11 back and catch up with them about their summer adventures. Tutors have had the opportunity to catch up with their tutor groups every day and discuss their goals for Year 11, the new guidelines around school and of course hand out their lovely new ties!

As students have met their subject teachers they have made a fantastic first impression. Students need to continue to follow the new guidelines and be role models for our younger students as we settle back in and work under the 'new normal'.
